

2026 Lookbook
Range Hoods & Custom Metal Furnishings

Welcome

We are excited to present our 2026 catalog to you. This catalog is designed to help you dream, design, and build the product you're looking for.

We offer a variety of materials and colors for our products including painted, powder coated, and aged colors. Our selection of aging colors are very unique and are never exactly replicated, and have character that no paint could ever imitate.

Our Story

Sunrise Metal Shop was established in 1958 as Topeka Metal Shop. In 1971 the name was changed to Sunrise Metal Shop, specializing in highly detailed custom jobs.

Every product is a reflection of five generations of metal fabrication dedicated to durability and quality standards that meet or exceed your needs. Our family of skilled craftsmen spend many hours to produce a product that will last a lifetime.

Thanks to each and every one. We value you as a customer. Without you we wouldn't exist. We consider it a privilege to serve you and strive to provide the quality and service you deserve!

God's blessings wished to you all,

John, Lee, Devon

CUSTOM FURNISHINGS

Custom Furnishings	138
--------------------------	-----

Range Hood Options

Materials Available:

- Stainless Steel
- Copper
- Brass
- Zinc
- Cold Rolled Steel
- All Materials Available in a Patina

Blower Options:

We offer a choice of four high end blowers:
Zephyr, Vent-A-Hood, Broan, & Elica

Options:

- Aging & Patinas
 - Rivets
 - Flat Trim
 - Standoff Trim
 - Single Radius
 - Double Radius
 - Trim Molding
 - Fan & Lights Insert
-
- Custom fabrication to meet your specs for insert fan and lights.
 - Any combination of material, patinas, & trim available.
 - Sample pack available on request. Call for pricing.
 - Call for any custom patina requests. Sunrise Metal Shop reserves the right of variation in color +/- 20%.

Easy Install Kit

The Easy Install Kit makes setup and installation of your range hood simple and easy.

To utilize the Easy Install Kit the hood width must be 5 ½" wider than outside dimensions of the blower flange.

- 1** Install the Easy Install Bracket on the wall.

- 2** Install your blower onto the bracket.

Connect vent & electric (if needed).

- 3** Slide the hood on to the bracket.
